Assignment 3 Report

Name:

1. If you included files other than baseline_crf.py, advanced_crf.py, evaluate_model.py,
and hw3_corpus_tool.py, or modified hw3_corpus_tool.py please describe what the files do
and/or your modifications to hw3_corpus_tool.py.

2. Describe how you evaluated your baseline and advanced features

Replace this text with a description of how you used the labeled data
to train and evaluate different models (e.g., moving ~25% data into a
separate development directory).

3. Describe your advanced feature set.

4. If you tried alternate advanced feature sets, please describe them.

5. Accuracy of baseline features was:
6. Accuracy of advanced features was:
